### WHEAT ACTIVE WITH PRICES UP

FEELING WAS UNSETTLED, BUT  
THE UNDERTONE WAS FIRM  
—CORN ALSO WENT HIGHER.  
—OATS WERE ACTIVE.

By the Associated Press.  
Chicago, Oct. 12.—WHEAT — Was fairly active, with feeling again rather unsettled, but the undertone on the whole was firm. Closing prices showed December 1 1/2¢ higher, while May gained 1 1/2¢. The pit temper was bullish, and part of the buying was credited to the southwest and local elevator interests. Outside markets were all stronger, which was indirect bull help, as was also the showing of the Liverpool market, which came 1/4¢ @ 1/2¢ higher. Advices from Kansas City were bullish as to this prospective movement. The secretary of the Kansas Grain Dealers' association estimated that fully 60 per cent of the Kansas crop was marketed and millers' stocks were reported small. The map was favorable and clear weather was indicated.

Crop news from Argentine was bearish. Buying May and July was the feature early. Primary receipts of southwest were small.

CORN — There was a fair trade, with interest centering more in contracts for December. Feeling manifestly was stronger and closing figures were 1 1/2¢ higher for December, 1/2¢ better for May. A better tone was attributed chiefly to the strong position of cash corn, better cables and small receipts. The feature was the buying of December by the shippers.

Bids for No. 2 corn were at hand, equal to 2 1/2¢ over December, and holders were not inclined to accept the same. The weather was favorable, and southwestern markets were stronger.

OATS — Were active. Liquidations by long and short selling caused a break of 1/4¢. Covering by shorts later strengthened in other grains, and caused a reaction and the last sales were 1/4¢ higher for December, and 1/4¢ lower for May. October was traded in late in the day at 1/4¢ over December, being bid up by cash houses.

#### CHICAGO LIVE STOCK.

By the Associated Press.  
Chicago, Oct. 12.—Receipts are running largely to western range and half-fat farm cattle. Too few choice heaves are coming on the market. There was an active demand today, but buyers were particular and common to fair cattle were discriminated against. Those of superior quality are much firmer at an advance of 15¢ @ 20¢, but undesirable offerings sold slowly at recent declines. Cattle that are not good were largely 10¢ @ 20¢ lower than at the close of the week.

HOGS—Local packers are improving their opportunity to the utmost, much larger receipts and extremely small eastern shipping demand enabling them to cut prices materially lower. Today prices fell 10¢ @ 15¢; sales slow.

SHEEP—Today's receipts ran largely to common description, which ruled weak, while good flocks were firm.

#### At St. Louis.

Heart Disease.

Dr. Miles' Heart Cure

Brought Good Health.

"I have every reason to recommend the Dr. Miles' Remedies as the Heart Cure I have ever known. I am a large man, considerably over six feet in height, weigh nearly three hundred pounds. Some years ago my heart was so seriously affected that I never expected to get well. Doctors pronounced my case incurable. Indeed, one of them said I would die. I was in a desperate condition, but I bought six bottles of the Heart Cure. I felt great relief and improved so I continued until I had taken twelve bottles. My trouble was organic and I never expected to be permanently cured, but thanks to Dr. Miles' Heart Cure, I have kept in good health and have been able to follow my profession continuously since first taking the remedies eight years ago. I am a musician, teacher of instrumental and vocal music, musical conductor, etc. I have taught all over the state of Michigan and have recommended Dr. Miles' Heart Cure to thousands of persons in all parts of the state and have heard nothing but good reports of it. I have induced dozens of persons in my own county to take Dr. Miles' Heart Cure as my word is never doubted by those who know me."—C. H. Smith, Flint, Mich.

"I am a druggist and have sold and recommended Dr. Miles' Heart Cure, for I know what it has done for me, and I wish I could state more clearly the splendid good health I am enjoying now. Your Restorative Nervine gives excellent satisfaction."—Dr. T. H. Watts, Druggist, Hot Springs, S. D.

### STOCK MARKET WAS VARIABLE

BUT ITS SHOWING OF ABSORPTIVE POWER WAS CONVINCING—PROFIT TAKING WAS GENERAL.

By the Associated Press.  
New York, Oct. 12.—Today's stock market was variable and uneven, but its showing of absorptive power was convincing. There was a general selling movement to take profits after the higher opening, as has become customary for several days past. A period of quiet intervened before the buying movement was resumed. This buying was a very concentrated character, which kept alive the suspicion that it came largely from speculative pools or combinations of operators formed for the purpose of putting up prices and distributing stocks.

There were various prominent stocks which were held back throughout by continuous realizing going on in them and recent strong advances in them were the obvious motive for the desire to take profits.

Conspicuous in the list were St. Paul, Reading, Erie, Southern Pacific, United States Steel preferred and Amalgamated Copper. Stocks which advanced strongly were themselves subject to more or less realizing and backsets and the market closed with such a movement in full force. The leader of the advance today was Union Pacific. Stress was laid upon the fact that one of the new Union Pacific directors is also a director of Chicago Northwestern, as are several other directors. This was pointed to as indicating progress in the supposed plan for harmonizing the western railroad situation.

International exchange and money markets were further affected by the rise in the discount rate of the Imperial Bank of Germany, and surmises were still rife on possible further war loans impending for both Russia and Japan.

Figures of our September exports of domestic products have had a reassuring effect regarding our own situation in exchanges with its showing of an increase of \$12,792,283 in values compared with the previous September.

Selling to take profits in the final hour materially reduced the level to which prices had attained and made the closing easy.
